

White light detection for watermarks

UV light detection

FEATURES

CCE has developed a new UV lamp with white light, customised for international trade.

The biggest advantages of the CCE 40 USB - UV/WL lamp include:

- Fully automatic switch-on and switch-off process by sensor control, separate for UV & WL
- Mounting under the monitor or counter at the POS using the enclosed adhesive tape
- No additional space required
- LEDs for both UV and white light testing
- Smallest dimensions approx. 16 x 3 x 2,5 cm
- Power supply via USB (1m cable included), connection to computer/monitor
- Optionally available with USB power supply
- One-hand operation
- Long life due to use of LEDs
- Can be used for almost all currencies worldwide
- Low-priced in purchase and maintenance

TECHNICAL SPECIFICATION

- Dimensions: 160 x 33 x 26 mm
- Weight: 0.085 kg
- Power connection:
- USB 5V / 900 mA max. 4,500 mW
- Operating temperature: 0 - 45°C
